Written
Testimony

We are in the area of Kaumualii and Kohou St and I feel unsafe for myself and 11 year old son who attends classes there 3 days a week. Due to saturated sidewalk obstruction, we have limited parking and are forced to walk on the street. We are constantly being approached by loiterers asking for cash. I am constantly afraid of leaving my car parked unattended.

I have also witnessed a incident of woman defecating in a plastic bag in front of one of the food businesses which has chairs located along it's store front for patrons. Also another incident where a man was squatting up against a tree and defecating on the ground. I am writing this testimony because I would appreciate if this area of Kalihi were safe for the well being of not only the businesses but for the community as well.
